

TECHNICAL DATA SHEET

Supplier: Corvixx Polymers Corporation

Product Name: Liquid Pigment

Product Code #: UX-834 – Light Gray

Applications : As a concentrated, well dispersed gray, for coloring 100% solids and solvent based epoxies, polyureas, moisture cure and solvent based polyurethane coatings and sealants, MMA's, vinyl esters and polyester based composites. Prospective buyers should thoroughly test system compatibility, however, prior to purchase.

Physical Data of Dispersion and Components

Property	Technical Data
Color/form	Low viscosity, gray liquid
P.h.	N/A
Pigment Content	Tio2/Carbon Black Blend
Pigment Loading	58 %, by weight
% Solids	100%
Specific Gravity	1.74 gms./mil.
Weight Per Gallon	14.51 (±.20) lbs.
Brookfield Viscosity, #5 spindle @ 20 r.p.m. @ 77 deg.	4,000 (±1,200) centipoise
Flash Point	390 deg. F
